lovely piece, Adagio in G Minor, attributed to 18th-century composer Tomaso Albinoni. However, It is not by Albinoni at all. It is a work by Remo Giazotto who declared to have used some phrases of Albinoni's melody and developed into a complete composition according to accepted Baroque rules. Many musicologists point out that the story of
Giazotto for this Adagio may be a myth, because none other than him has ever seen Albinoni's melody. Also, Giazotto changed his story since, denying that the piece was based on Albinoni's melody. Download mp3 1731 Bach, Oboe Concerto in D minor, 2nd movement Bach used the oboe instrument as his preferred obbligato instrument, He obviously
admired the versatility of the oboe and used it to accompany a lot of his works that deal with grief and heavenly joys, repentance and pastoral peace. Yeah, it's strange that no major Bach oboe concertante works have survived-or have they? Scholars have long thought his keyboard concertos were originally written for other instruments, and there is
much evidence to suggest that some of them are intended for the oboe, or oboe d'amore. 20Bach%20,%20Oboe%20Concerto%20in%20Dw20minor,%202nd%20movement.mp3 Download mp3 1731 Vivaldi's curly red hair crop prompted friends to call him 'il Prete
